# PACIFIC A3/R3v4

STRUCTURAL FIREFIGHTING, USAR,  
RESCUE, AND RECOVERY HELMET

CERTIFICATION  
NFPA 1971:2013, NFPA 1951:2013,  
ANSI Z89.1:2014

**Reinforced Kevlar® composite shell** provides integral strength and excellent penetration protection. This lightweight shell is chemical and UV resistant with inherent heat and flame resistance. Expected service life of 15+ years with proper care and maintenance.

**Unique full cranium polyurethane liner** provides an excellent thermal barrier and superior shock impact absorption.

**Goggle Posts** for securing twin strap ESS Goggles.

**Flame Resistant Neck Protector in Nomex®** (water proof or padded variations available).

#### Other Optional accessories available:

- Easi On/Off Torch Base
- Face Shield

**6-point ribbon cradle harness**, fully modular for easy cleaning and replacement.

**Premium reflective trim** with high retro-reflectivity for increased visibility. Customised Decals (badges, wording, rank markings) are available by request.

**Eye Protection.** Choose between ESS Goggles (pictured) or the internal One Touch Eye Protector (OTEP).

**3-point Nomex® chin strap.** Single handed adjustment at multiple locations for maximum comfort and stability.

**Pacific quick release buckle** can be easily secured, released, and adjusted with a gloved hand.

**Pacific ratchet adjustable headband**, sizing range from 52–64cm (downsizing adjustment kits and XL sizes available). Simple operation with a single gloved hand. Comes with comfortable front and rear sweat padding in leather and is easily removable and replaceable for decontamination. Headband wearing height and angle are adjustable for personal preference.
