# PACIFIC F3D MkII

STRUCTURAL FIREFIGHTING HELMET

CERTIFICATION  
AS/NZS4067:2012, EN443:2008

**DuPont™ Kevlar® and Fibreglass Reinforced Composite Shell** provides integral strength and excellent penetration protection. This lightweight shell is chemical and UV resistant with inherent heat and flame resistance. Expected service life of 15+ years with proper care and maintenance.

**Easi On-Off Base (EOB) for torch** (optional). Easi Glide Torch Holder and torch sold separately.

**Premium reflective trim** (optional, standard dependent) with high retro-reflectivity for increased visibility. Customised Decals (badges, wording, and rank markings) are available by request.

**Flame Resistant Neck Protector** (water proof or padded variations available).

**2-point chin strap.** Single handed adjustment for maximum comfort and stability.

**Pacific quick release buckle** can be easily secured, released, and adjusted with a gloved hand.

**Unique full cranium polyurethane liner** provides an excellent thermal barrier and superior shock impact absorption.

**Clear polycarbonate face shield** provides high speed particle impact protection, with heat and flame resistance. Anti-scratch and anti-fog coated, optically correct, with full face cover for excellent splash protection.

**6-point ribbon cradle harness,** fully modular for easy cleaning and replacement.

**Pacific ratchet adjustable headband,** sizing range from 52–65cm (downsizing adjustment kits and XL sizes available). Simple operation with a single gloved hand. Comes with comfortable front and rear sweat padding in your choice of leather, merino, or vinyl and is easily removable and replaceable for decontamination.

**Other Optional accessories available:**

- Rear Hanger.
